

Latest research in BPD - a panel discussion.

Facilitated by:
Dr Jillian Broadbear
*Senior Researcher
Spectrum*

DATE AND TIME:
Wed 7th October 2020
11:30am to 1pm (AEDT)

ABOUT:

Six researchers from diverse areas will discuss their recent research in the area of BPD.

Daniel Ring - *Stigma perpetuation at the interface of mental health care: a review to compare patient and clinician perspectives of stigma and borderline personality disorder.*

Dr Anne Sved-Williams - *Research into Mother/Infant DBT.*

Rita Brown and Jo Veltkamp - *Assessment of peer-led workshops for carers (family, friends and partners) supporting a person with a diagnosis (or possible diagnosis) of BPD.*

Dr Fiona Ng and Mahlie Jewell - *How does research benefit from co-authoring people with lived experience?*
