## BPD AND TRAUMA

**DATE: WED 6 OCTOBER**

**TIME: 2:30-4:00PM (AEDT)**

**WHERE: ZOOM**

The role of trauma in the development of Borderline Personality Disorder (BPD) is much debated.

Assoc Prof. Sathya Rao will present the latest research and ways of thinking about this complex and potentially divisive topic. There will also be a discussion around the various diagnostic criteria as outlined in the DSM-5 and ICD-11. Sathya will be available to answer questions at the conclusion of his presentation.

This workshop is ideally suited to clinicians from a range of mental health and allied health sectors who want to broaden their understanding of BPD.
